INTERIM FINANCIAL REPORT

JANUARY -
MARCH 2020

THE QUARTER IN SHORT

RENTAL INCOME:

158 MKR

NET OPERATING INCOME:

118 MKR

NET PROFIT:

62 MKR

JANUARY-MARCH 2020

(January-March 2019 in brackets)

- Rental income increased by 6% to SEK 158 million (149) and net operating income increased by 19% to SEK 118 million (99).
- Lease agreements that were renegotiated during the period led to an increase in contracted rents of 28% on average.
- Income from Property Management increased to SEK 62 million (36).
- Cash flow from operating activities amounted to SEK 52 million (34), corresponding to SEK 1,83 per share (1,22).
- Changes in the value of investment properties for the period amounted to SEK 49 million (6), mainly attributable to improved cash flows and slightly changed assumptions about market rents and yield

requirements.

- Profit for the period increased 159% to SEK 88 million(34), corresponding to SEK 3,13 per share (1,21).
- The Board's proposal to the Annual General Meeting is that the dividend be canceled in favor of reinvestment in the business.

SIGNIFICANT EVENTS DURING THE FIRST QUARTER

- No other event during the quarter can be compared to the global outbreak of the coronavirus. Of the Company's rental income, a relatively small proportion is attributable to the sectors that are more directly affected. However, this indirectly affects many other sectors, and other tenants that may be adversely affected. Stendörren

has strengthened its financial preparedness, by strengthening liquidity and a greater refinancing of bank loans, which means that no bond or bank loan maturities occur before the end of the first quarter 2021. We have taken measures to mitigate disruptions in operations and follow the authorities' recommendations carefully.

- The property Botkyrka Skyttbrink 15, comprising approximately 6,500 square meters, were acquired. The underlying property value was SEK 83 million.
- On January 22, 2020, an Extraordinary General Meeting was held in Stendörren Fastigheter AB at which Nisha Raghavan was appointed new board member and Anders Tägt was appointed new Chairman of the Board. The previous Chairman of the Board Seth Lieberman took the position as bo-

ard member. Further, the General Meeting resolved upon an increased board fee.

- On February 5, 2020, the Board appointed Erik Ranje as new CEO of Stendörren. Erik Ranje replaces Mikael Nicander who has been the CEO of the Company since the beginning of 2019.

SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

- On April 17, the notice of the Annual General Meeting was announced, which will be held on May 20, 2020
- On April 23, the Annual Report for 2019 was published on the company's website.

¹⁾ The stated equity ratio is calculated excluding the leasing debt of 225 SEK million brought by the application of IFRS 16. If this item would be included in the calculation the equity ratio would be negatively impacted by approximately 0,9%.

Stendörren Fastigheter AB (publ) is a real estate company active in the segment of warehouse, logistic and light industrial properties. The company is listed on Nasdaq Stockholm (Ticker: STEF B)

STENDÖRREN FASTIGHETER OVERVIEW

BACKGROUND

Stendörren Fastigheter AB (publ) ("Stendörren", or "the company") is a real estate company that invests primarily in warehousing, logistics and light industrial real estate in the Greater Stockholm and Mälardalen region.

Stendörren originates from one of two main business areas within Kvalitena AB (publ) ("Kvalitena"), a company founded in the mid-1990's. In November 2014, Kvalitena chose to list a portfolio of industrial properties under the name Stendörren Fastigheter AB.

The B-shares in Stendörren were traded on First North, Nasdaq Stockholm from 6 November 2014 and First North Premier, Nasdaq Stockholm from May 7, 2015.

On April 10, 2018, the listing was moved to Nasdaq Stockholm's medium-sized list, Mid Cap.

On November 27, 2019, EQT Real Estate announced that it had acquired the majority of the voting rights in Stendörren and at the same time published a public bid for all outstanding shares in the company. On February 26, 2018, the extended deadline expired, whereby EQT announced it's holding of more than 58 % of the votes and just under 41 % of the capital in Stendörren.

MISSION

Stendörren creates long-term and value add growth by acquiring, developing and managing properties. The company will operate primarily in Greater Stockholm and the Mälardalen region, with an emphasis on warehouses, logistics and light industrial buildings. As previously announced, the Company evaluates new markets.

OBJECTIVES

Stendörren will create a high risk-adjusted return for its shareholders by acquiring, developing and managing properties in the Stockholm and the Mälardalen region.

FINANCIAL OBJECTIVES

Stendörren has three stated financial objectives:

- to exhibit a long-term average annual return on equity of at least 12 %
- to achieve a long-term interest coverage ratio of at least 2,0 times

- to maintain a long-term equity / assets ratio of 35 % (and never less than 20 %)

PROPERTY PORTFOLIO

As at March 31, 2020, the property portfolio of Stendörren consisted of 125 properties. All properties are located in the greater Stockholm and Mälardalen region and has a with a total market value of SEK 9 223 million. The ten largest lease agreements accounted for about one quarter of the total annual rent and the company's largest lease agreement with Coop Sweden represents just under 9 % of the total annual rent.

The real estate portfolio comprised a total of approximately 737 000 sqm of which warehouse, logistics and light industrial accounted for approximately 66 % of the total lettable area.

At the end of the quarter, the company had 25 properties, wholly or partly consisting of building rights which, when fully developed, are expected to create approximately 622 000 sqm of total building area, mainly for warehouse, logistics light industrial use as well as residential. The market value of the building rights portfolio amounts to SEK 1 282 million as at quarter end.

Within the existing real estate portfolio, the company is working with the development of new detailed plans for residential assets. The new plans, which are at different stages of the planning process, are expected to be able to result in building rights for up to 1 500 new units at completion. During the market valuation of the company's building rights, these ongoing planning processes have been taken into account. The company's residential building rights represent approximately one third of the valuation of the entire building rights portfolio.

FINANCING

As of March 31, 2020, the Group's equity amounted to SEK 3 907 million (2 811), and the Group's interest-bearing liabilities amounted to SEK 5 163 million (5 309), corresponding to a loan-to-value ratio of 51 % (59).

The average time to maturity of interest-bearing liabilities amounted to 3,4 years (2,4) and the average fixed-interest term to 2,1 years (1,9). The average interest rate on the company's total interest bearing debt amounted to 2,4% (2,4) and the interest rate

on loans in credit institutions amounted to 2,1 % (1,9). As of the reporting date the Company had an outstanding bond loan of SEK 650 million with an interest coupon of Stibor 90 plus 4,25% with final maturity in June 2021

DIVIDEND

Given the significant investment opportunities that exist in the company's project portfolio, the 2019

Annual General Meeting decided, in accordance with the Board's proposal, that the dividend be abolished in favor of reinvestment in the project portfolio. For the same reason, the Board of Directors has decided to propose to the 2020 Annual General Meeting not to pay any dividend.

COMMENTS TO THE CONSOLIDATED INCOME STATEMENT

RESULT

Compared with the corresponding period 2019 Stendörren reports 6 % higher rental income and net operating income increased by approximately 19 %. Profit for the period amounts to SEK 88 million (34) corresponding to SEK 3,13 per share (1,21).

RENTAL INCOME

Rental income increased by about 6 % during the period to SEK 158 million (149). The increased rental income is driven by an increase in rents in the portfolio (about 1 % increase in Comparable Portfolio compared to the same period 2019) as well as income from the properties acquired during the reporting period.

OPERATING EXPENSES

Reported property costs decreased about 19 % to SEK 40 million (50) compared with the same period the previous year. Property costs in the Comparable Portfolio decreased by approximately SEK 11 million, which corresponds to approximately 23 %. Significant items driving this cost decrease consists of a mild winter and lower electricity prices and greater focus on energy savings in the property portfolio.

CENTRAL ADMINISTRATION

Central administration costs amounted during the period to SEK 21 million (21) and consists of central management costs and administration and costs for company management, Board of Directors and auditors.

FINANCIAL NET

The net between financial income and financial costs decreased during the period by 19 % to -32 SEK

million (-40), mainly explained by the early repayment of the bond loan in the second half of 2019. For details on interest rates, see page 25.

INCOME FROM PROPERTY MANAGEMENT

The income from property management during the period increased by 69 % to SEK 62 million (36) compared with previous year, mainly due to lower operating costs and interest costs.

VALUE CHANGES

The company reports an increase in value of the investment properties of SEK 49 million (6) which corresponds to 0,5 % of the market value at the beginning of the year. The value changes in the property portfolio during the period are partly due to changed cash flows through renegotiated leases or amended market rental assumptions and adjusted yield assumptions. The market valuations of the interest derivatives resulted in value changes of SEK -7 million (-2).

TAX

The tax expense in the income statement consist of current tax of SEK 0 million (0) and deferred tax of SEK -16 million (-6).

COMMENTS TO THE CONSOLIDATED STATEMENT OF FINANCIAL POSITION

FIXED ASSETS

The Company's fixed assets consist mainly of investment properties. As of March 31 2020, the value of the investment properties amounted to SEK 9 323 million (8 610). All properties were acquired during the period 5 November 2014 until March 31, 2020. For further analysis and comments on fixed assets, see pages 18-22.

CURRENT ASSETS

Current assets amounted to SEK 479 million (150) consisting of cash and cash equivalents assets of SEK 398 million (62) and rental receivables and other current receivables of 81 million (88).

EQUITY

As of March 31 2020, the group's equity amounted to SEK 3 907 million (2 811) and the equity / assets ratio to 40% (32%).

INTEREST-BEARING LIABILITIES

The reported value of the group's interest bearing liabilities at the end of the reporting period amounted to SEK 5 163 million (5 309) corresponding to a loan-to-value ratio of 51% (59). The liabilities consist of loans from credit institutions of SEK 4 526 million (3 947), bond loan totaling SEK 650 million (1 360) and seller-notes of SEK 10 million (14). SEK -23 million (-11) consists of prepaid loan fees. The short-term interest bearing liabilities amounted to SEK 109 million (1 187), consisting of loans and amortizations that fall due within the next 12 months.

INTEREST AND DEBT MATURITIES

Stendörren aims to reduce interest- and refinancing risks in its operations by spreading the maturity structure for interest rates and loan maturities over several years. Interest rate risks are managed mainly through the acquisition of interest rate derivatives. For a more detailed description of the loan portfolio, see page 25.

DEFERRED TAX LIABILITY

Deferred tax liability amounted to SEK 535 million (425) and mainly relates to the tax on the temporary difference between the fair value of the properties and their tax residual value and deferred tax on un-taxed reserves and unused loss carryforwards.

OTHER CURRENT LIABILITIES

In addition to the current portion of interest-bearing debt, current liabilities consist of accounts payable, accrued expenses and prepaid income, tax liabilities and other current liabilities, totaling SEK 204 million (207).

CONSOLIDATED CHANGES IN EQUITY

As of March 31, 2020, the Group's equity amounted to SEK 3 907 million (2 811).

CASH FLOW FROM FINANCING OPERATIONS

Cash flow from financing activities amounted to SEK 331 million (-10), made up SEK 1 703 million (110) of new loans and amortization and repayment of existing loans amounting to SEK -1 350 million (-104).

CASH FLOW IN PERIOD

Net cash flow for the period was SEK 260 million (-101) and cash and cash equivalents at the end of the period amounted to SEK 398 million (62).

PROPERTY PORTFOLIO SUMMARY

PROPERTY PORTFOLIO 31 MARCH

Stendörren's property portfolio consists of 125 properties as at 31 March 2020. All properties are located in the Stockholm and Mälardalen region with a total market value of SEK 9 323 million. The property portfolio is reported quarterly at fair value. All properties are valued internally each quarter based on, among other things, an updated analysis of actual cash flow, market rental levels, expected costs and an assessment of the market yield. All properties are externally valued at least once a year.

At the end of the reporting period, the property portfolio comprised of approximately 737 000 sqm of lettable area. Warehouse, logistics and light industrial properties accounted for approximately 66% of the total lettable area. The office space held in the portfolio (22% of lettable area) is mainly office space leased in combination with light industrial properties. A distribution based on rental income would give a higher proportion of offices due to the average rent for this area being higher than for the rest of the portfolio. The risk of rental losses due to bankruptcies is greatly reduced by the diversification and number of the tenants combined with the fact that that 79% of the properties have at least two tenants. During the period, the value of the property portfolio increased with a total of SEK 176 million (134). The increase in value is due to property acquisitions amounting to SEK 82 million (74), investments in existing properties of SEK 44 million (54) while unrealized changes in value amounting to SEK 50 million (6) were reported (see table on page 22).

GEOGRAPHIC DISTRIBUTION OF PROPERTY PORTFOLIO

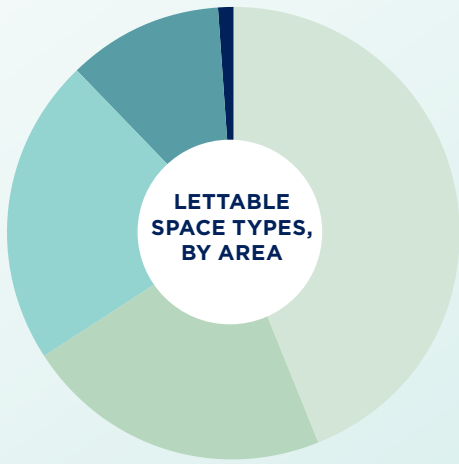

Stendörren puts a lot of effort into identifying interesting industrial areas with potential in Greater Stockholm and the rest of the Mälardalen region. The total rental income of Stendörren consists of 67% of rental income from properties in Greater Stockholm. Stendörren's largest investments are in Högdalens industrial area, which results in synergies in both management and leasing. In Veddesta the company has large and efficient properties resulting in efficient management. Locations including Upplands-Väsby and Sollentuna along the E4 towards Arlanda, Brunna in Upplands-Bro northwest of Stockholm and Stockholm-Syd in Södertälje are other areas which Stendörren intends to develop further in the upco-

ming years. In addition to the Greater Stockholm the company has invested in a number of locations in Mälardalen in strong locations projected to benefit from Stockholm's future growth. (see diagram of geographical distribution on page 19).

TENANTS AND RENTAL AGREEMENTS

The tenants in the property portfolio consist of both well-established small to medium sized companies and large multinational businesses. Rent losses in the property portfolio have been small. During the reporting period, no actual rental losses have been reported. During the period SEK 0,8 million of provisions for uncertain rent receivables have been booked. As at March 31, the ten largest leases made up for just over one quarter of the total annual rent in the portfolio. The company's largest lease agreement with Coop Sweden, represents about 9% of the total annual rent. Stendörren strives to achieve long leases with their tenants and the weighted average unexpired lease term (WAULT) was 4,0 years at quarter end. The company also strives for a scattered maturity structure. These factors in combination with the spread multiple tenants and multiple industries reduces this risk for vacancies and rental losses. Stendörren is a proactive manager and works continuously to renegotiate the leases in line with current market rent levels.

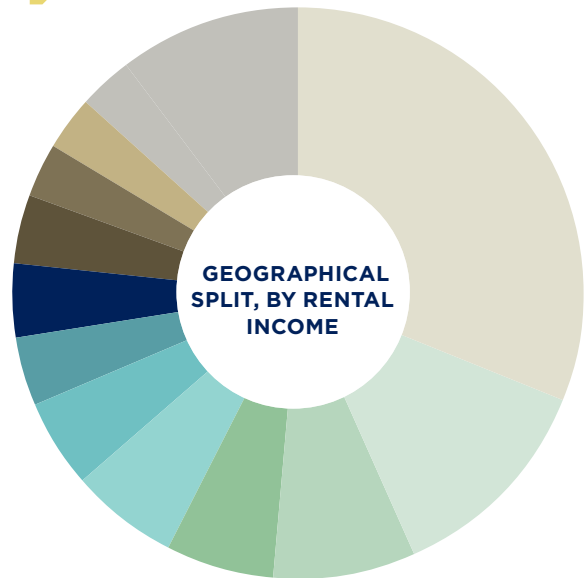

The company has a relatively high occupancy rate and low vacancies. The occupancy rate in the Stockholm area for warehouse and light industrial premises has been stable over the past 10 years and amounted to approximately 90%. The area-weighted occupancy rate in Stendörren's portfolio amounted to 89% (88) as of March 31, 2020, and the economic occupancy rate was 89% (88). ➤

NET LETTING::

15,5 MKR

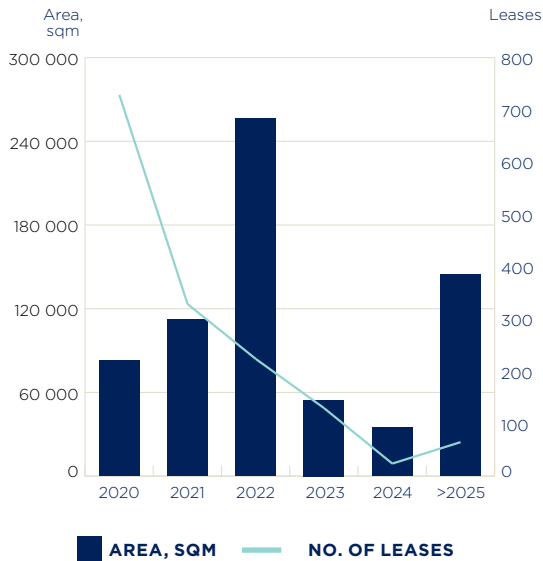

➤ The occupancy rate is a static measure of the rental situation on the report date and may vary a few percentage points up or down depending on temporary relocation vacancies or projects that have commenced or terminated at different times. In general, demand for premises remains strong. Of the total vacancy, approximately 377 sqm (corresponding to approximately 0,1 % of the total lettable area) is contracted with new tenants that have not yet taken up the premises. Lease agreements that were renegotiated during the quarter led to an increase in contracted rents of 28 % on average. During the quarter, new lease agreements with an annual rental value of approximately SEK 20 million have commenced. These consist of both

renegotiated lease agreements and lease agreements with new tenants signed in earlier periods. The net letting (new tenants moving in less tenants vacating and bankruptcies) during the quarter amounted to SEK 15,5 million.

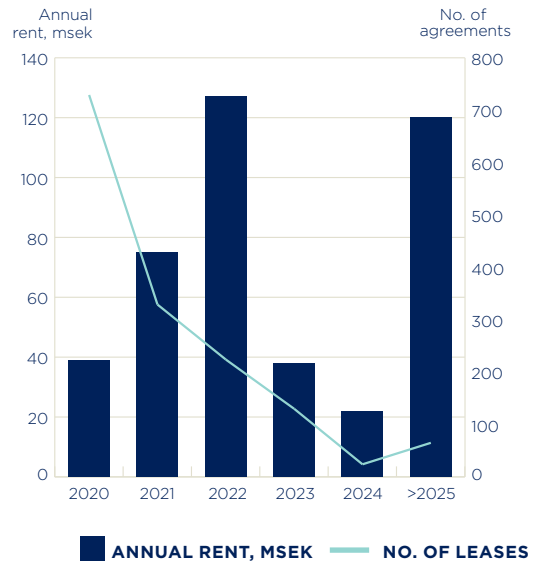

BUILDING RIGHTS AND PROJECTS

As at March 31, 2020, Stendörren had 25 properties wholly or partly consisting of building rights. When these building rights have been fully exploited it is estimated that up to 622 000 sqm of building area can be created, mainly for light industrial, logistics and retail.

ANNUAL LEASE EXPIRY AT 31 MARCH 2020, BY AREA

ANNUAL LEASE EXPIRY AT 31 MARCH 2020, ANNUAL RENT

NEWLY SIGNED LEASES AREA

NEWLY SIGNED LEASES, ANNUAL RENT

In some of these properties, the planning is under way to convert the building rights to another area of use, such as residential. The opportunities are considered very good as the building rights are concentrated in several of Greater Stockholm's most attractive areas such as the Stockholm municipality, Botkyrka, Södertälje (Stockholm-Syd), Upplands-Bro and Sollentuna. Development within building rights and project properties are primarily driven by demand. The focus is on finding existing and new tenants that are in need of larger or entirely new premises and

meeting these needs by customized additional investments or developing an entirely new construction.

Negotiations are ongoing with potential tenants for the company's project properties. The discussions are proceeding well and the company is positive about the future potential that these areas have. In order to minimize risk exposure, long leases are usually signed with customers before the investments are initiated. The company intends to continuously develop a large part of these properties over the next few years.

PROPERTY VALUATION

Each quarter Stendörren performs a fair value assessment of 100% of the real estate portfolio. In average 20-30% of the portfolio is valued by external valuation firms and the remainder is valued internally. This means that every property in the portfolio is externally valued at least once during a rolling twelve-month period.

The valuation model used by both the external valuation firms and in the internal Stendörren valuations is based on a discounted cash flow model, supplemented with local price analyses. The valuation model and parameters used are reported in accordance with the principles described in Note 11 (Investment Properties) to the Annual Report 2019. All properties are classified to level 3 in accordance with IFRS 13. Additional expenses which are value increasing are capitalized. All other expenses are reported as an expense in the period in which they arise. In larger projects, interest expense is capitalized during the production time.

All of the company's 125 properties have been

externally evaluated during the period April 2019 to March 2020. The combined market value of the property portfolio per March 31, 2020 amounts to SEK 9 323 million. A summary of the valuation parameters is found in the table below. The external evaluations carried out during the year have been carried out by mainly Nordier Property Advisors and Newsec Sweden. The building rights within the property portfolio, totally valued at SEK 49 million (6), are valued based on local price analysis and comparison to others similar properties recently sold. The value changes in the real estate portfolio during the period are driven partly by changed cash flows through renegotiated leases or changed costs and partly by changed assumptions of market rents and yield requirements. Average yield requirements have been reduced slightly compared to the previous quarter and the average yield requirement as of March 31, 2020 amounted to 6,2% (6,4) (see table of valuation parameters below).

VALUATION PARAMETERS (PREVIOUS YEAR IN BRACKETS)	MIN	MAX	WEIGHTED AVERAGE
Market yield requirement	5,0% (5,2%)	13,5% (13,8%)	6,2% (6,4%)
Discount rate, cash flow	5,0% (5,0%)	15,8% (16,0%)	8,1% (8,4%)
Discount rate, residual value	7,1% (7,3%)	15,8% (16,0%)	8,3% (8,6%)
Long term vacancy assumption	4,0% (3,0%)	30,0% (25,0%)	6,2% (6,2%)

Investment properties, end of period	9 323	9 147

FINANCING

As of March 31, 2020, the average time to maturity of the interest bearing liabilities to credit institution amounted to 3,7 years (2,6). Including the bond loan, the average time to maturity amounted to 3,4 years (2,4). Stendörren uses interest derivatives to hedge against a sharp rise in the reference rate Stibor 90. Hence a portfolio of interest-caps has been acquired with average Stibor cap-level of 2,25 %. The total nominal value of then cap portfolio amounts to SEK 2 734 million. During 2019, the company entered into a 5-year interest rate swap agreement with 800 million SEK in nominal amount hedged at the rate -0.1%. Including the effect of the portfolio of interest caps and swap the average fixed interest term on interest-bearing liabilities amounted to 2,4 years (1,9) years.

The average interest rate on the company's loans from credit institutions was 2,1 % (1,9) and average interest on total interest bearing debt amounted to 2,4 % (2,4). Stendörren have a bond loan (2018-2021) amounts to SEK 650 million and it runs with a nominal interest of Stibor 90 plus 4,25 %.

During the third quarter 2019, the company issued hybrid bonds totaling SEK 800 million in nominal value, which are reported as equity under IFRS (see further under equity on page 16). Interest and loan maturity for all interest bearing liabilities are distributed over years as shown in the table below (amounts are nominal amounts and exclude prepaid financing fees).

INTEREST- AND LOAN MATURITY

YEAR OF MATURITY	MSEK	INTEREST MATURITY/YEAR ¹⁾		LOAN MATURITY/YEAR	
		INTEREST RATE	SHARE OF TOT	MSEK	SHARE OF TOT.
2020	1 647		32%	105	2%
2021	600		12%	686	13%
2022	855		16%	1 115	21%
2023	1 034		20%	1 512	29%
2024	1 050		20%	358	7%
>2024	0		0%	1 410	27%
Total/average	5 186	2,36%	100%	5 186	100%

1) The interest maturity for 2020 includes all loans that run with Stibor as base interest and that are not covered by interest derivatives.

SUSTAINABILITY

Stendörren's sustainability strategy permeates two complementary perspectives. The one perspective is about ensuring that the company acts responsibly with controlled risk and in line with expectations and requirements. The other complementary perspective is about contributing to sustainable development in a way that engages internally as externally and at the same time strengthens Stendörren's long-term business.

AS PART OF THE PROCESS OF systematizing and formulating Stendörren's sustainability work, a sustainability strategy was developed in 2017. During the process, the business was highlighted from several perspectives. Partly from the outside-inside perspective to understand the societal challenges from a macro perspective, and how these and opportunities at the same level are translated into significance for the company and its market. Another step was to look at how the real estate industry answered these questions, as well as how the company's competitors worked. From the outside-inside perspective together with the stakeholder dialogue and the materiality analysis then formed the basis for Stendörren's sustainability strategy,

which is integrated throughout the business.

During 2020, the focus has remained on co-ordinating and initiating the implementation of the sustainability strategy internally within the organization while also starting to work from the laid foundation. *Read more in Sustainability Report 2019 at www.stendorren.se*

A risk analysis related to Stendörren's most significant sustainability issues was also conducted in 2017 and is evaluated annually within the regular risk assessment in the company. Identified risks and management of these can be found in the Annual Report, pages 88–89. Evaluation of the sustainability work is done on a continuous basis.

STENDÖRREN AND THE UN GLOBAL GOALS

The nations of the world united 2015 in Paris to sign the Agenda 2030, which includes the UN's 17 goals for sustainable development (SDG). To achieve these goals, a collective effort is required on an international, national and local level. Consequently, all companies are called on to include the global goals in both strategy and reporting. Stendörren supports the Agenda 2030 and has identified 7 global goals which have direct or indirect connection to the company's sustainability strategy and mission. These 7 goals are also the goals that Stendörren's business has an fundamental impact on:

The accelerating societal development means exciting possibilities within digitalisation and new technology. But the expected future also calls for increased demands on environmentally friendly, efficient and secure deliveries. The logistics industry is facing increased demands for sustainable transports. The importance of central location of warehouses and logistics premises as well as railway connection becomes even more evident. One of Stendörren's strategic commitment areas is called Active Partner for Sustainable Cities. By actively driving and supporting sustainability within the industry, together with strategic partners, the company can create modern and sustainable work environments for tenants and their customers. Consequently, this is how Stendörren is contributing to and developing sustainable production, distribution and logistics for the future.

The company's slogan "Lokaler som gör skillnad" is based on Stendörrens mission; together with tenants and other business partners we develop the future of industrial premises with efficient use of resources and energy and "smart" logistics solutions. Stendörren's greatest sustainability impact comes from owning and managing its properties. To reduce the climate footprint, it is vital for Stendörren to focus on resource efficiency through the whole value chain, including facility management, renovation, choice of material, new production and type of energy use.

Health and wellness are prioritised areas for Stendörren. It is important to create the prerequisites for a safe, healthy and sound work environment internally for employees but also for tenants and suppliers. Read more in the section Attractive Employer.

Other global goals that are identified as having an indirect connection to Stendörren's sustainability strategy and business.

CONDENSED PARENT COMPANY

Operations in the Parent Company consist of management functions of the Group's all companies and properties. These functions include, among other things, property management, project management and finance. All staff are employed by the parent company. No properties are owned directly by the parent company. The parent company's revenues during the period mainly comprise SEK 25 million in recharged services rendered by own staff. Net interest income consists of net charged interest on intercompany loans and external interest expense for the corporate bond programs. Cash and cash equivalents as of March 31, 2020 amounted to SEK 85 million (28) and the Equity amounted to SEK 1 698 million (961).

SHARE CAPITAL AND OWNERSHIP

SHARE CAPITAL

The share capital in Stendörren amounts to SEK 16 893 384,60, divided between 2 500 000 Series A shares and 25 655 641 Series B shares. Each share has a quota value of SEK 0,60. A-shares in Stendörren are entitled to ten votes at a general meeting and B-shares one vote. A shares can be converted to B shares at a ratio of 1:1. All shares carry the same right to share in the company's assets and profits. According to the Articles of Association, the company also has the option of issuing preference shares.

AUTHORIZATIONS

The Annual General Meeting resolved on May 22, 2019 to authorize the board, for the time until the end of the next Annual General Meeting and on one or several occasions, without deviation from the existing shareholders' preferential rights, to make decisions to issue new shares in the parent company. The mandate also covers issuance of preference shares, warrants or convertibles. New issues may be made with cash payment or with provision for non-payment or set-off. The number of common shares and / or preference shares, warrants or convertibles to be issued with support of the authorization should not be limited to other than what follows from the limitations in the articles of association that apply at any given time to share capital and the number of shares.

The Annual General Meeting 2019 also decided to authorize the board of directors up to the next annual general meeting, on one or several occasions, to make decisions about the acquisition of Stendörren shares (own shares) so that the company's holdings at any given time does not exceed 10% of all outstanding shares in the company. Furthermore, the Annual General Meeting decided to authorize the Board of Directors to, until the next Annual General Meeting and on one or more occasions, make decisions on the disposal of own shares. Acquisition of own shares shall take place on Nasdaq Stockholm and may only be done at a price per share within the current price range, which means the interval between highest purchase price and lowest selling price. Disposal of own shares may take place both on Nasdaq Stockholm and in another way (which is described in more detail in the notice to the AGM). The authorization

to acquire own shares is intended to give the board increased room to work with the company's capital structure and create flexibility regarding the company's ability to distribute capital to shareholders. The authorization to dispose of own shares is intended to facilitate property acquisitions and broadening of the owner base.

INCENTIVE SCHEMES

Stendörren has two incentive schemes that were decided by the AGM in 2017 and 2018. Both programs are targeted to the company employees and includes issues of warrants which the participants in the programs acquired in exchange for cash payment to the parent company. The warrants were acquired at market value calculated in accordance with the Black & Scholes valuation method performed by independent valuers. The first of the two programs have 230 800 warrants outstanding. During the period 1-31 May 2020 the owners of the warrants have the right to redeem the warrants for the same number of B shares in exchange for a subscription price of SEK 83,87 per share, corresponding to 125% of the trade-weighted average price during the measurement period May 9-22, 2017.

In the second program there are 77 440 warrants outstanding which, during the period September 15-30 2021, can be redeemed for the same number of B shares at a subscription price of SEK 111,60 per share, corresponding to 125% of the trade-weighted average price during the measuring period 15-22 August 2018. If all warrants in both these programs are redeemed, 308 240 new B-shares will be issued, each with a quota value of SEK 0,6 and the share capital will increase by SEK 184 944. The dilution at full utilization corresponds about 1,1% of the capital and 0,6% of the voting rights based on the number of outstanding shares as of the reporting date.

STOCK EXCHANGE

The Stendörrens B-share is traded on Nasdaq Stockholm, on the list for medium-sized companies. The company's short name is STEF B. The company's ISIN-code is SE0006543344.

RELATED PARTY TRANSACTIONS

The company has entered into a consultancy agreement for project consulting with TamGroup AB. TamGroup AB is a company related to the board member Andreas Philipson. The consultant who performs the work for TamGroup AB is married to Andreas Philipson. All transactions with related parties take place on market terms. In addition to what is stated above the company has not been party to any business transaction, loan, guarantee or guarantee connection with any of the board members, leading senior executives, major shareholders or related parties to any of these.

RISKS

Risks and uncertainties are, among other things, related to changes in macroeconomic factors affecting demand for premises and the price of capital. Stendörren is also exposed to the risk of unforeseen increases in operating- or maintenance costs which cannot fully be compensated for in leases with tenants. There is also a risk that the Company's lenders do not extend credit facilities at maturity. Real estate transactions are a core part of the company's business model and is, by its nature, associated with uncertainties and risks. More information about these risks can be found on pages 97-99 in the company's annual report for the fiscal year 2019. In addition to this, no other significant risks have been identified during the reporting period.

ACCOUNTING PRINCIPLES

This interim report has been prepared in accordance with IAS 34 Interim reporting and the Annual Accounts Act. The same accounting and valuation principles as well calculation methods have been applied as in the latest financial information submitted, see note 1 to the annual report 2018. Investment properties are reported according to IFRS 13 in accordance

with level 3. Fair value for financial instruments are in all substantial aspects in accordance with reported values. Derivatives are valued in the consolidated financial statements at fair value and in accordance with level 2 of IFRS 13. The Parent Company applies the Annual Accounts Act and RFR 2 Accounting for legal entities. The company applies IFRS 16 Leasing as of Jan. 1, 2019 and is using the simplified method (not retroactive). Utilization rights are assigned the same value as the reported leasing debt as of December 31, 2019. A detailed review and analysis of the Group's leasing agreements (where Stendörren is a lessee) has been made, whereby property leasehold agreements were identified as the single most significant. Leasing debt related to property leaseholds as of December 31, 2019 amounts to SEK 225 million, with the equivalent reported value for the utilization rights. The company reports the utilization rights for the property leasehold agreements at fair value as it is considered to be an investment property. As a result of the transition to IFRS 16, the cost of leasehold payments is reported as a financial cost, which is a difference compared to previous principle where it is reported as an operating cost. Furthermore, a review has been made of how the Group's applied principles in terms IFRS 16 is affecting Stendörren as a lessor, whereby the company found that IFRS 16 does not have a material effect on the Group's reported rental income.

AUDITOR'S REVIEW

This interim report has have not been subject to review by the Company's auditors.

SIGNIFICANT EVENTS AFTER THE REPORTING-PERIOD

- On April 17, the notice of the Annual General Meeting was announced, which will be held on May 20, 2020
- On April 23, the Annual Report for 2019 was published on the company's website.

DIVIDEND

The Board's proposal to the Annual General Meeting is that the dividend be canceled in favor of reinvestment in the business.

THE BOARD OF DIRECTORS

The Board of Directors and the CEO assure that the report provides a fair overview of the parent company and the group's operations, position and results and describe the most significant risks and uncertainties that the parent company and the Group companies are facing

This information is such that Stendörren Fastigheter AB is required to publish according to the EU Market Abuse Regulation and the Act on securities market. The information was provided, by the following contact person's office, for publication on May 7, 2020 at 07.00 CET

APPENDIX 1

ASSESSED EARNINGS CAPACITY*

AS OF 31 MARCH 2020, the company's property portfolio comprised 125 wholly owned properties with approximately 737 000 sqm of lettable areas. According to the company's assessment, the total rental income (after deductions for vacancies and discounts) on a rolling 12-month basis amounts to approximately SEK 649 million. The company also estimates that current property costs amount to approximately SEK 167 million⁽¹⁾ on an annual basis, the portfolio is thus expected to produce an operating net of approximately SEK 482 million on Group level.

These data are only the company's own assessment on the present earning capacity as of 31 March 2020 without regard to ongoing lettings, upcoming vacancies, index-related rental changes, or other future measures that may have an effect on net operating income. Any additional acquisitions or disposals announced by the company which have not yet closed are also not included. These data should therefore not be seen as a forecast of future earnings development for Stendörren.

** This is managements best assessment of current earnings capacity and not a forecast of future expected earnings.*

DEFINITIONS

The European Securities and Markets Authority (ESMA) have issued guidelines for the use of Alternative Performance Measures, APM's related to companies with securities which are listed on a regulated market. The guidelines are developed in order to increase the transparency and the comparability in APM's used in prospectuses and other compulsory information submitted by listed companies. Stendörren issues closer definitions and explanations to the APM's it uses. These definitions and explanations, along with a reconciliation table, are in accordance with the ESMA guidelines can be found on www.stendorren.se, investor relations.

ACTUAL NET ASSET VALUE; EPRA NNAV

Book equity net of hybrid capital adjusted for actual deferred tax liability, calculated at an effective tax rate of 5,9%.

AREAWEIGHTED OCCUPANCY RATE

Area contractually leased to tenants in relation to total lettable area.

AVERAGE INTEREST MATURITY INCLUDING DERIVATIVES

The weighted average remaining time to interest adjustment on interest bearing loans including the effect of interest derivatives. Expressed in years remaining.

AVERAGE INTEREST RATE

The weighted average interest rate on all interest bearing debt

AVERAGE RETURN ON EQUITY

Net earnings in relation to average equity the last 12 months

DEBT MATURITY

The weighted average remaining time to maturity for interest bearing loans, expressed in years.

CASH FLOW PER SHARE

Cash flow from operating activities before changes in working capital according to the cash flow statement divided by the average number of shares outstanding.

ECONOMIC OCCUPANCY RATE

Contractual rental income in relation to Rental Value

EQUITY RATIO

Book equity in relation to total balance sheet (excluding the leasing liability for the rights of use of land lease properties that, in accordance with IFRS 16, is accounted for as a long term liability).

EXCESS RATIO

Property NOI divided by property income during the last 12 months.

INCOME FROM PROPERTY MANAGEMENT

Net earnings before value changes and tax.

INTEREST COVER RATIO (ICR)

Income from Property Management the last 12 months adding back net financial expenses, in relation to net financial expenses (excluding the rights of use of land lease properties that in accordance with IFRS 16 is accounted for as a financial cost).

LOAN TO VALUE

Interest bearing debt in relation to total assets.

LOAN TO VALUE ON PROPERTY LEVEL

Interest bearing debt secured in properties in relation to the fair value of the properties.

LONG TERM NET ASSET VALUE, EPRA NAV

Book equity net of hybrid capital adjusted for deferred tax and the derivatives value (+/-).

NET OPERATING INCOME (NOI)

Total rental income from the properties reduced by property operating expenses

NET PROFIT PER SHARE

Net profit divided by the average number of shares outstanding, before and after dilution.

PROPERTY YIELD

Property NOI the last 12 months in relation to the fair value of the properties.

RENTAL VALUE

Contractual rental income increased by the assumed market rent for vacant, lettable area.

TOTAL RETURN

Property NOI increased by the recorded valuation change divided by the average fair value of the properties in the last 12 months.

WEIGHTED AVERAGE UNEXPIRED LEASE TERM (WAULT)

The weighted average remaining lease term on all existing property leases. Expressed in terms of years remaining until expiry.

Stendörren Fastigheter AB (publ) is a real estate company active in the segment of warehouse and light industrial properties. The company is listed on Nasdaq Stockholm (Ticker: STEF B).
